Pumpkin Patch Fundraisers

Project Coordinator of the Year

We recognize that the success of the pumpkin patch project is largely due to the efforts of great project coordinators and their tireless energy and upbeat attitude. Therefore we would like to recognize those coordinators who go above and beyond to make their patch successful. This year we are going to select an individual that meets the following criteria:

This individual is one who

- is friendly and open to ideas that will improve the sales at their location
- submits paperwork on a timely basis
- has an upbeat attitude
- flexible to changes that are either planned or unavoidable
- willing to take delivery of additional pumpkins on short notice or willing to take delivery to help accommodate the needs of another location
- offers positive suggestions to solve a problem
- represents their church or organization in a positive way
- promotes Pumpkin Patch Fundraisers on a regular basis at conferences
- willingly provides technical assistance and advice to surrounding locations that ask for their help (i.e. speaks to other groups about project; offers ideas to help them; provides pumpkins or special inventory items until their resupply arrives)

Pumpkin Patch Fundraisers will make the selection of the winner of this coveted award. However, we encourage locations to submit nominations and bring to our attention those coordinators that we don't hear about. To make a nomination, simply fill in this form and mail or fax it to our office by December 15th.

Location name _____

Location City, State _____

Coordinator Name _____

Please briefly explain why you think this individual should be nominated for this award.

(Attach additional sheets if necessary)

The individual selected will receive a Certificate of Recognition.
